Welcome to the Warsash Theatre Club Newsletter

SPRING PRODUCTION

The Spring Production is going to be **Tomb with a View**. A Comedy-Thriller by Norman Robbins

Four men and six women cast - set in a sinister old library.

Adams family styled comedy where it ends up with more corpses than live cast members. A spoof whodunit with surprising ending. One of the main character's head -ends up being pulled out of box!

(Only acting - just pretend - obviously!!)

Readings for Spring Production are 12th and 17th January 2010 only - everyone who wants to read for a role will get a chance!

Pete will make sure there are audition pieces sent out in advance to give people a chance to prepare. They will be a short couple of pages for each character/role

Anybody interested in reading please contact Pete Murphy (01489 571622) to register their intent to read for a role before the end of Panto .
